## Bloodmobile To Visit City Thursday

### Blood Donor Center To Be Located In Horstmann Building

Citizens of Cameron and surrounding communities are urged to take advantage of the opportunity to "Give a Pint of Blood to Save a Life" next Thursday, June 9, when the Red Cross Bloodmobile visits the city.

The donor receiving room will be located in the Horstmann building, diagonally across from the post office. Hours of operation will be 12:00 noon until 6:00 p.m. A minimum of 100 pints of blood is needed to reach the quota and provide sufficient blood for the future needs of the citizens of our county. All blood donated is made available to anyone needing it who lives in Milam County free of charge, except for the actual cost of administration.

The hundreds of people who have benefited from the program will testify that this is one of the greatest programs of its kind ever instituted. Many lives have been saved and other healed as a result of the donations of their fellow citizens. Nobody knows when they may need blood. By donating now, "The Life You Save May Be Your Own," which emphasizes the necessity for making this visit of the bloodmobile a success.

The names of those who donate Thursday will be listed on an HONOR ROLL to be published in the Daily Midget and Cameron Herald. A special list of those who belong to the Gallon Club, those who have donated eight or more pints, will also be published.

Richard W. Moseley, general chairman, stated that extensive preparations are being made to

handle a record number of donors. Dr. Clifford Swift is in charge of the medical personnel, Mrs. H. G. Haraway will supervise the operation of the canteen. Calvin Markham will be in charge of the property committee to provide the tables, chairs, typewriters and other equipment.

Mrs. F. E. Jackson will supervise the volunteer personnel handling the registration, nurses and other donor room personnel. Rev. John Solomon is in charge of recruiting donors.

Many others will be engaged in various activities in connection with the program.

### Mrs. Reineke's Funeral Rites Held Tuesday

Mrs. Mary Reineke, 71 years of age, died at the St. Edwards Hospital Monday, May 30 after a long illness.

She had lived in Cameron most of her life.

Rosary was said Monday night 7:30 at Marek-Burns Funeral home with funeral services held Tuesday morning, May 31, at 9 a. m. at St. Monica's Catholic Church with Reverend George Duda officiating.

Burial in St. Monica's Cemetery. She is survived by two sisters, Mrs. Maurice Hertenberger of Cameron and Miss Louise Mereth of Waco and a number of nieces and nephews.

### Ray Green, Cameron Explorer, Awarded Eagle Scout Badge

The Cub Scout Circus at the City Park Friday night was a huge success. E. O. Schiller, scoutmaster, reported.

Many sideshows were held and there was plenty of food for sale. Approximately 300 persons attended the circus.

Dean White, awards chairman, presented awards to the eligible Cub Scouts after the circus.

At the conclusion of the program, Ray Green, local Explorer Scout, was awarded the Eagle Scout Award by Reverend John Solomon, Explorer Advisor. This is the highest degree in regular scouting that can be attained, with Ray the third to receive this honor in Cameron.

Den Mothers planning the circus and helping the boys with their various acts were Mrs. E. O. Schiller, Jr., Mrs. Eugene Mees, Mrs. Gene Blake, Mrs. R. J. Woodum and Mrs. C. A. Schofield.

All applications must be in the Chamber office not later than noon, Monday, June 13. If further information is desired contact the C of C office, phone 101.

### Ad/Hall Farm Wife Attacked At Home By Masked Man

Mrs. T. W. Younts of the Ad Hall Community was attacked at 11:30 Friday night at her home by an apparently young masked man. The man approached the house screaming for help and when Mrs. Younts ran to the

door, he threw a quilt over her and carried her out into the yard. He tried to pull Mrs. Younts over a fence but she managed to escape, only after severely cutting her hand on the fence.

Mrs. Younts was at home with her young daughter and aged invalid father. She was waiting for her husband to return home from work when the man came to the farm home.

The daughter of Mrs. Younts said that she saw a car parked down the road by which the bandit apparently made his escape. However, moments after Mrs. Younts escaped from the man, her son arrived and stated that he did not see a car.

Mrs. Younts was taken to Newton Hospital for treatment of her hand, and later released. Sheriff Carl Black said Monday that the identity of the masked man is still unknown.

THE JURY ROOM — Here's where Milam County juries deliberate! This room in on the third floor of the court house, on the north side. There is no cross ventilation and the heat in the summer is almost unbearable. Besides the beds, there are a couple of rough wooden tables and wooden chairs. The most modern addition to the room is the tin water keg. It's hard to believe that a jury could take sufficient time and deliberation to reach a fair and just decision under such conditions. About all they can think about is getting out of the place as quickly as possible. No wonder it's so hard to get jury in Milam County!

You have asked me for my comment on the courthouse situation and particularly with reference to the jury room.

It is true that everytime we have a jury trial requiring jurors to be locked up in the jury room, as required by law, there are complaints. These complaints are certainly justified.

For nearly four years we have tried our very best to get some of our citizens interested in this and other situations needing attention.

Until about three years ago the jury room didn't even have hot water. It took over a year to get an eighty dollar hot water heater and a decent shower water installed.

The jury room where the jury panel must sleep and pursue its deliberations is infested with mites, mosquitoes and similar insect life, and bats. The excretions from bats make the whole third floor of the courthouse unusable.

However, this situation is no worse than the public restrooms we have in the courthouse. We are always embarrassed when people visit the courthouse from out of town. They are confronted with the stench of urine when they walk thru the halls, and when they endeavor to use these offensive restrooms they are additionally assailed by filthy and obscene writings on the walls.

Our district courtroom is a disgrace and it is insufferable in the summertime because of the heat and lack of ventilation. Out of town lawyers hate to come to

the courthouse. They are confronted with the stench of urine when they walk thru the halls, and when they endeavor to use these offensive restrooms they are additionally assailed by filthy and obscene writings on the walls.

### "Strictly for the Birds"

Complaints on the out-moded, ill-accommodated jury room have been seeping through Milam County like water through a break in the dam for the past several months.

Every day the momentum of the tide grows and the repercussions of a jury room deemed "strictly for the birds", in a very literal sense, is rapidly engulfing Milam County.

Being thrifty is a virtue, but being miserly with either funds or the administration of justice is certainly not to be condoned.

Jurors complain of the heat, the bath facilities, the odor which permeates the air and primarily of the bats which have inhabited the upper floor of the courthouse for some time, leaving ample biting and smelling evidence of their residence.

Having the time and opportunity to think about the evidence heard in a court-case is of utmost importance, to the juror, the person being tried and to the people of Milam County. If the facilities are not adequate, and justice miscarries, then who is to blame? The jurors or the people who are not wise enough to keep the best of accommodations for some of the most important people in our county, those responsible for seeing that justice is done, our jurors.

Milam Countians should make it a point to see that either accommodations for the birds or the jurors be put in force on the third floor of the courthouse.

Cameron to try their lawsuits, hounds in a pen behind it at his own expense in order to lessen the possibility of a wholesale jail break.

There is no provision for segregation at the jail. Therefore, the mentally ill, the juvenile first offender, and the perverted drunk, are forced to be confined on the same basis.

We have some people who think their public officials should be subject to these conditions may well affect the course of justice.

We have a jail which is similarly an antique and obsolete. It is so worn out that the locks cannot be opened and our capable and conscientious sheriff, aware of its lack of security, has been required to buy and maintain blood

guards to watch the prisoners. The program will be Monday June 13 when volleyball games at the tennis courts will be played. At 6:30 to 7:30, teams one and two will clash; From 7:30 to 8:45 Teams 3 and 4 will play while at 8:45 to 10:00 Teams 5 and 6 will wind up the evening's play.

Softball games will begin on Tuesday, June 14 on the athletic field. From 6:30 to 7:30, teams one and two from the Ben Milam school will play; 7:30 to 8:45, Teams one and two from Ada Henderson school will play; followed by teams 3 and 4 of Ada Henderson. At 8:45 to 10:00, Team I and II of Yoe High will clash.

The same schedule as Monday will hold true on Thursday, June 15, in the volleyball activities with the team competition changed.

Friday, June 16, the softball teams will again clash, same as on Tuesday, Miss Young concluded.

SHARP HAS WIND, HAIL. About 5:15 Sunday afternoon a wind storm, about 60 miles per hour and hail struck at Sharp. Trees were blown down and some window panes were blown out. There was some damage to the corn. Power and phones went off.

Approximately two hundred girls have signed up to participate in the Cameron Summer Recreation Program, Miss Dallis Young, in charge of the girls SRP, announced Saturday.

The program will get underway Monday, June 13 with organization of all individual games such as tennis, croquet, golf, bowling, shuffleboard, horseshoes, ping pong, archery, and washers on the east of the tennis courts.

Miss Young also reminded the girls that regular swimming lessons will also be available at the Municipal swimming pool Monday through Friday for a small fee. Bowling will also be available to the girls at a low fee.

A round robin tournament will be used in all inter-park activities such as softball and volleyball and volleyball while a single elimination method will be used for all individual entry contests. Miss Young stated.

All girls, ages 6 to 18 years, who live in this area, and who have not as yet signed up to participate have been urged by Miss Young to do so and if they don't care to play in any of the activities listed, they have been encouraged to participate as a spectator.

Assisting Miss Young with the summer activities are fifteen stu-

### Two New Completions of Shallow Wells Near Milano; Third Started

Two new completions have been made in the shallow oil field located northwest of Milano, and drilling operations were reported under way earlier this week on a third well in that area.

One of the completions is reported located on the C. C. Calton 22 acres formerly known as the Hendricks land, lying north of the Griffen Chapel church property. This is the second well to be completed on this tract.

The second recent discovery was drilled on the Sally Miller 65 acre lease by Anderson Bros. Corp. of Houston. It is reported to be a good producer after earlier encountering some trouble due to excessive gas pressure.

Drilling is under way on another try in this area located on the John W. Williams lease, on which a producer was completed about two months ago.

## Several Local Boys Of Scout Troop 83 Attend Camp

Several members of local Scout Troop 83 will attend Camp Tahaya located on the outskirts of Belton on the Lampasas River, on June 26 for a weeks stay.

Thus far, Allen Dodson, Scout-

master, announced, 10 boys have registered for the camping trip.

Johnny Solomon, local scout, will be on the camp staff for the seven week period this summer as Camp Quartermaster.

Many phases of recreation and outdoor lessons have been planned for the boys during their weeks stay. There will be swimming, rifle range, archery, handcraft, star-gazing, lessons in trailing and tracking, out-door cooking and a life-saving course.

Saturday all of the boys will compete in a swim meet. Parents are invited to attend the ceremonies put on by the boys each Wednesday and Friday nights.

Dodson urged all boys planning to attend the camp to register with him as soon as possible so that necessary arrangements can be made.

## Marak PTA Takes School Children On Capitol Tour

The Marak P. T. A. sponsored a trip for all the school children on May 12 according to Mrs. Albert Slovak, P. T. A. president. Twenty-four school children accompanied by their teacher, Mrs. Sam Houston and a group of parents, enjoyed a trip through the Longhorn Cavern.

On the way back they stopped in Austin to tour the capitol, which proved very interesting as Rep. Herman Yezak showed the group through all the Departments, including the Governor's reception room. They were introduced to the different public officials.

They stopped over in the Taylor Park to spread their supper before returning home.

The school children, their parents, teachers and pastor enjoyed a picnic on the last day of school and thus ended another successful school year.

# Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR\* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach. NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach. NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach. NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

### Activities Many At Girl Scout Day Camp This Week

by Mrs. Jack DuBois  
The Girl Scout Day Camp has named their camp "Shady Oaks." There is quite a bit of excitement each morning as the children arrive. At 8:30 the children from a horseshoe around the flag point and three children help raise the flag. While the flag is being raised the children salute. The U. S. Pledge of Allegiance is repeated and America is sung. Different troops have charge of his ceremony each day as well as the lowering of the flag at the end of the camp day. Reports from the various troops are as follows:

Lake Site Troop Number 2:  
Went swimming, worked on lanyards (plastic lacing work), worked on outdoor cooking badge, elected color bearers and color guards for the retreat on Friday. Each patrol has a special duty and these duties are rotated. Mrs. Parker, the camp director, was their guest for the noon meal which the girls planned.

Tweedle Dee Hill Number 3:  
Went swimming, worked on outdoor cooking badge, Miss Van Valkenburg, Field Director for the Texas-Colorado Lake area, was a guest for the noon meal.

Star Lite Point Number 5:

### Resume of History Of Ross Prairie Czech Protestants

Mr. and Mrs. F. A. Marek and Amos attended the centennial of the Czech Protestant service and the 80th anniversary of the dedication of the Ross Prairie Church near Fayetteville Sunday, May 22. According to Mr. Marek, in 1855 the first Czech Protestant settlers came to Texas and in the mid-nineteenth century, when the Ross Prairie pioneers learned that there was an immigrant minister, the Reverend Jan Zvolanek, living at San Felipe de Austin, they called on him to help them in their spiritual life.

In 1875 a congregation was organized and the church was built. The first elders elected were Jan Hruska, Sr., Vinc Rypl, Thomas Jecminek, Jan Jecminek, Franta Mikeska and Jan Batln. Hruska and Decmenek directed the building at a total cost of \$982.30, with the church being dedicated on May 23, 1875.

Since then the pioneers have been served by nine pastors, Rev. Jan Zvolanek from 1855 to 1859; Rev. Jos. Opocensky, 1859 to 1870; Rev. L. J. Chlumsky, 1874 to 1876; Rev. Jindrich Juren, 1876 to 1921; Rev. Anton Matycka, 1921 to 1935; Rev. F. H. Horak, 1935 to 1936; Jos. Barton 1937 to 1939; Rev. H. E. Beseda, Sr., 1939 to 1954 and Rev. H. E. Beseda, Jr., 1951 to 1954.

The present board of elders is D. A. Juren, President; R. F. Jecminek, secretary; Eddie Vasut, Treasurer, E. C. Jecminek, F. J. Hruska, F. R. Hruska, John Franta, Joe Elisk and Jerry Vavra.

Christian sisters are Mrs. D. A. Juren, President; Mrs. E. C. Jecminek, vice-president; Mrs. F. R. Hruska, secretary and Mrs. W. J. Kuehl, Jr., treasurer.

### Memorial Presented Dr. Tyson of M-H B. Mrs. Kemp In Class

Luther Memorial, "a symbol of the college of the past and also prophetic of the future," was dedicated by Dr. Arthur Tyson, president of Mary Hardin-Baylor, in a service May 28 as a part of the college's commencement activities.

Three members of the class of 1891, the last class to graduate under Dr. Luther's presidency, attended the dedication. They were Mrs. Perilla Mitchell Cline and Mrs. Ora Osterhout Wade, Belton, and Mrs. Lucy Wilson Rice, Austin.

A fourth member of the class is Mrs. Lina Rogers Kemp, Cameron. Mrs. J. C. Hardy, Temple, wife of the late Dr. Hardy, who was president of Mary Hardin-Baylor for 25 years, also attended the dedication.

With three generations of the Luther family present at the dedicatory service, Miss Doris Goodrich Jones of Waco, granddaughter of Dr. John Hill Luther, gave the principal speech. Miss Jones was one of the leaders in the building of Luther Memorial from stones and arches of old Luther hall, which was destroyed by fire. Other descendants of Dr. Luther who attended the dedication were another granddaughter, Mrs. C.R. Voges, Beaumont; a grandson, Dr. Luther G. Jones, College Station; one great-grandson, William Jones, College Station; one great-granddaughter, Miss Zolzie Ruth Voges, Beaumont; and one great-granddaughter, Miss Doreen Margrett, Buenos Aires, Argentina.

### New Committee Chairmen Appointed At Lions Club

Definite plans for Ladies Night, when new officers will be installed, were made at the Regular Lions Club meeting Tuesday. The lavish banquet meeting has been scheduled for June 28 at the Cameron Country Club with E. C. Cole in charge of arrangements.

At this meeting new committee chairmen were appointed they are: Lewis McKee —Attendance chairman; Richard Williams, publicity chairman; E. C. Cole; Membership chairman; Don Humble, Program Chairman; Jack Prescott, Civic Improvement Chairman; Dick Young, Education chairman; Dr. James Watson, Health and Welfare chairman; Gordon Baskin, Safety chairman; Dean White, Sight Conservation and Blind; Jack Slaughter, Greeter and Claude Triggs, Agriculture.

The main talk of the day was given by Milton F. Brown, Jr., publisher of The Cameron Herald and the Daily Midget. He gave an informative talk on the newly proposed radio station which is to be erected in Cameron in the near future.

### Sharp Seniors Are Feted With Parties

The P. T. A. of the Sharp High School gave the graduating seniors a reception on the school lawn after the commencement

exercises Friday night, May 27.

On Thursday night the seniors were honored by Mr. and Mrs. Dalton Stephens with a lawn party and weiner roast at the Stephens home.

The seniors were given a weiner roast and ice cream party by Mrs. Willie Schwarz and Mrs. Otis Charles at the Charles home Tuesday night.

### Round Table Talks On Achievements At Kiwanis Club

At the Kiwanis Club meeting Thursday noon in the Milam Coffee Shop Ed Manning acted as moderator at a round-table discussion on the achievements of the local club since its inception.

Many phases of the work done by the club and the various committee chairmen were discussed. Some of the main projects already embarked upon by the comparatively new club, is the purchase and collection of shoes and socks and other clothing for the underprivileged children in this immediate vicinity.

Dr. John Bryson, head of the Underprivileged Childrens committee, announced that there is now approximately \$400 in that fund to take care of the needy children in the community.

The program for next week will be by Guy Clements, chairman of the Boys and Girls Committee.

The only visitor at the meeting was Leo O'Neill.

### Mrs. Peck Honored With S. W. Telephone Service Party

Mrs. Lillie Peck was feted with a Service Anniversary party by local Southwestern Bell Telephone Operators in honor of her having completed five years service with

the company Monday, May 30.

Mrs. Ruby Fogle, chief operator, presented her with a gold pin with a small bell emblem centering it and a star, on the outer circle commemorating her five years service.

During this period, all of which was in Cameron, Mrs. Peck has not been absent from work.

At the party the refreshments, from which sandwiches, nuts, pickles, potato chips and punch were served, was centered with an artificial flower arrangement.

The honoree was presented with a corsage on her arrival and each of the 18 guests present found their corsage and the end of a streamer depending from a maypole arrangement.

Mr. and Mrs. R. G. McLeod have returned home after visiting in Los Angeles, California.

It has been reported that Mrs. Roberta Dink, owner of Dink's Second Hand Store in Cameron, is recovering nicely after undergoing surgery at Hermann Hospital in Houston. It is expected that she will be dismissed from the Hospital the latter part of this week.

## Here's where all that wonderful performance begins!

They're all true—all the wonderful things you hear about Pontiac's great performance.

The way it sweeps uphill or down with the same effortless ease. The tremendous burst of passing power that answers the nudge of your toe. The thought-quick response in stop-and-go traffic that makes the car seem part of you. The smooth, quiet way it goes about its business however hard or far you drive.

Lift the hood of a Pontiac and you'll be face to face with the reason. That compact power plant nestled there may look much like other V-8's—but that's where your eyes deceive you!

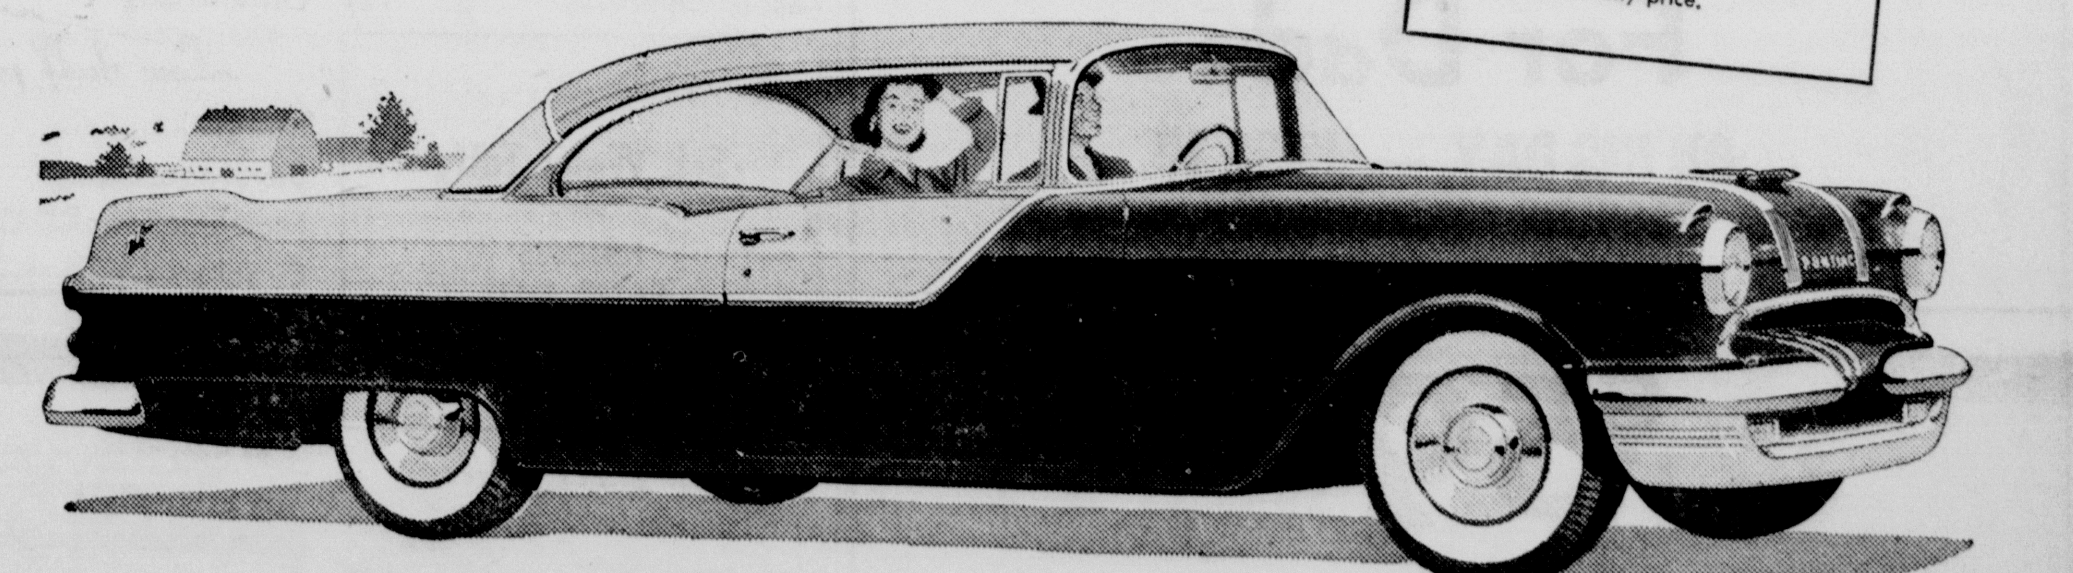

The Strato-Streak V-8 is in a class all by itself—filled with engineering "firsts" that make it the mightiest engine ever to appear

in Pontiac's price field. And it's one of the many Pontiac advantages you can't get anywhere else. Pontiac alone gives you the terrific drive of Strato-Streak performance.

This sensational performance, remember, comes in a distinguished, future-fashioned beauty that is tagged with a price any new-car buyer can readily afford.

Here's your wide-open invitation to come in and try the result—the fastest-selling Pontiac of all time. The car is ready whenever you are! Make it soon.

## Hemi-Cranial Headaches Plus--

By J. E. Boyce

It is popularly supposed that the cranial nerves do not connect in any way with the spinal cord, but the Neurologists who write the text books and who spend their lives tracing nerve connections have discovered and recorded many spinal cord connections with some of the cranial nerves.

Headaches can occur when the membranous brain coverings, spinal cord beginnings, and, or arteries therein are displaced, stretched or irritated by any cause whatsoever.

Instead of a headache making you sick in the stomach, let's think about the possibility that the same interference that irritates the pain sensitive nerves in the cranium could also be irritating the nerves to the stomach.

In cranial-spinal misalignments this is not only possible but it is a clinically proven, every day, happening.

Consider the symptoms and correction of the following case as evidence along this line.

A mother of age 36, came to the Boyce Chiropractic Clinic for our examination and spinal analysis and said she had severe headache pains running through one eye and through to the back of the head every week or so for several years, that had not only resisted all sorts of treatments, Sinus drainings, hormones, etc., but had gathered, for company, some extra symptoms over the years in the form of intestinal indigestion, kidney trouble, ear noises, Sinusitis, weakness and trembling spells, excessive nervousness.

When her final comparative progress examination was made she reported the corrective adjustments were so effective that all symptoms listed here had vanished and normal good health was the order of the day. No 253

## Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartrick.

During the summer months the conservation activities of the S.C.S. Technicians is confined mainly to conservation planning on individual farms with the farm owners. Some new district cooperators who have recently made com-

plete conservation plans on their farms with technicians in the Cameron work unit area are O. B. Harden, Drayton McLane, L. T. Reese, J. A. Quillin, Tom Head and A. H. Hightower. Highest priority will be given to other applicants for planning assistance from now until fall when the work load changes to terracing, waterway development, pond construction cover crop and other conservation practices that require technical on site assistance.

In the Cameron Work Unit area of Central Texas S. C. D. Conservation plans have been developed on about one-half of the agriculture land. The objective of

these plans is to set up a soil, water, and plant conservation program on each farm, coordinating the physical, economic and human resources of the farm unit, for achievement of the highest personal goals of the land needs of the nation. It is the Districts objective to furnish technical and planning assistance to all farmers who apply for assistance when application is made. This has been possible in the Cameron Work unit area because of the co-operation of all agricultural agencies, county, dealers, district co-operators and others interested in the Districts conservation efforts.

## George S. Perry of Rockdale Writes On Dallas In Saturday Evening Post

George Sessions Perry finds that Dallas, one of the most stylish and successful municipal entities in the Southwest, is the result of a long line of gifted, determined and dedicated citizens.

"Among this number," Perry writes in the current June 11 issue of The Saturday Evening Post, "Robert Lee Thornton, Sr. has been to that city just about everything besides a mother."

Perry's article, "The Duke of Dallas," tells that as Mayor, Thornton is the friend of multimillionaires, wage earners and non-earners. It also reports that he is the organizer of its all-powerful Citizens' Council, which takes minor miracles for granted and really exerts itself only where major ones are involved.

It further relates that for a decade Thornton has been president of the State Fair of Texas, which Perry says is without rival among state fairs in the nation.

"Dallas is the banking center of the Southwest," the Post article continues. "Bob Thornton, as chairman of the board of the Mercantile National, which has deposited \$165.00. Wilburn Mode, Buckholts. 7-1f.

sits of about a third of a billion dollars, is one of the town's most imaginative financiers. He's a director of a dozen or so corporations involving everything from rails to textiles to milling."

However, Perry observes, what makes Dallas people so especially fond of Bob Thornton is not merely that he's taken a tremendous part of the load in making Dallas rich, but that he's done so much to make it fun.

"What other successful banker and civic leader, while giving a ranch party for one of the most famous publishers in the East, would be likely to ride into the house on a cow pony while the county sheriff sat in a window and shot the fire off the end of the host's cigarette with a .45?" Perry asks.

"It's little things like that that keep Bob Thornton somehow special," the author comments.

## Rockdale Rotary Hosts To 12 Top Milam Students

The twelve winners of the Rockdale Rotary Club's Good Citizen ship Contest, along with faculty representatives, were guests of the Club at Rockdale at the Tuesday noon luncheon.

The twelve represented the winning boy and the winning girl in each of the six high schools of Milam county. Each student was introduced by J. R. Yeager, who headed the award committee, and each gave a brief talk, telling the Rotarians about his or her high school accomplishments and plans for the future.

The winning student among the twelve will receive from the Rockdale Rotary Club a \$50 scholarship good at the college or university of his or her choice. The student will be selected by a committee composed of faculty representatives from the schools, plus members from the Rotary Club.

The Students attending the luncheon were:

Joyce Wallace and Jimmy Rettig, of Cameron; Marie Arnold

and Billy Joe Hall, Rockdale; Melba Ruth Small and Jerrell A. Hoot, Milam; Marlene Whitted and Elton Ray Barron, Thorndale; Peggy Lawrence and Glen Bean, Sharp; Marion Fuchs and Albert Abel, Buckholts.

The students, with the faculty members, were taken on a special tour of Alcoa's Rockdale Works following the luncheon.

The presentation of the students took the place of the usual Rotary luncheon program. Prior to this, Russ Sugg introduced Dr. W. F. O'Kelley as a new member. Father Clyde Holtman, another new member, (and formerly assistant pastor of St. Monica's church in Cameron), was unable to be present for this meeting. The Rockdale Reporter.

## Monroe Fuchs Will Head Alpha Zeta A & M Group

Monroe Fuchs, junior poultry husbandry major from Cameron, was elected chancellor of the Texas Alpha chapter of the Fraternity of Alpha Zeta in a special election meeting recently.

Fuchs took over his duties Monday night at the annual spring banquet of the chapter.

Other officers elected were Frank Waddell, agricultural journalism major from Roby, censor; Don Dierschke, animal husbandry major from Rowena, scribe; David Fawcett, range and forestry major from Del Rio, treasurer; and Leroy Bieri, animal husbandry major from Angleton, chronicler.

Alpha Zeta is a national agricultural honor society composed of juniors, seniors, and graduate students in the School of Agriculture.

Monroe has been a distinguished student every term since entering Texas A & M College. He is also a member of Phi Eta Sigma Fraternity and has been chosen to serve as president of the Poultry Science Club next year, his senior year. This year he was a member of the Ross Volunteers and one of the many functions in which he

participated in this connection was to serve as honor guard for the inauguration of Governor Allen Shivers. Monroe is the son of Mr. and Mrs. Leo Fuchs, 1707 North Travis Ave., Cameron.

## Old Cotton Belt Set To Restore More Acreage

At a meeting of the directors of the Old Cotton Belt Association of Texas held in Temple on June 1, the directors approved the recommendations made by the Legislative and Policy Committee to send a delegation to Washington. This delegation will go to Washington about the middle of June to meet with the Department of Agriculture, Senate and House Subcommittee on cotton, and with senators and representatives from Texas. The objective of the delegation will be to restore to the old cottonbelt area of Texas in 1956 the 80 per cent of the 10 per cent reserve which went for upward trend in 1954. A further objective will be to restore in 1957 the 60 per cent of the 10 per cent reserve used for upward trend in 1955.

The directors also heard reports from the various committees and the Membership Committee reported that now have members in thirty-six counties which includes Bell, Burleson, Caldwell, Falls, Milam and Williamson.

## USDA Cotton Price Support Up Over '54

WASHINGTON, June 1 — The Agriculture Department said Wednesday price support loans on '55 crop middling 15-16ths-inch cotton will be available at not less than 33.5 cents a pound.

This compares with last year's figure of 32.90 cents a pound for middling 15-16ths-inch cotton, the base quality cotton used by spot and futures markets.

The department had announced previously that loan rates would be not less than 31.70 cents a pound on middling-inch cotton, a quality used by Congress in figuring parity. The conversion from middling 1/8-inch to middling 15-16ths-inch boosted the loan rate to 33.5 cents a pound.

The range for premium and low quality cotton runs from 20.35 to 46.50 cents a pound. Last year the range was 18.70 to 47.10 cents a pound.

Final loan rates for 1955-crop cotton will be announced about Aug. 1.

## Local Coeds Turn To Modern Dance With Grid Stars

Ever do a modern dance version with a 200 pound athlete? Well, if you haven't just ask two local University of Houston coeds how it feels. What is it like doing the dainty rhythmic exercises with a big bruising pigskin hero as your partner?

Martha Collins and Beverly Freeman both had part in showing a number of University of Houston star athletes how it was done and they were featured in a recent issue of the Houston Chronicle Rotogravure Magazine.

Dorothy Boucher edited a story about Miss Rosann McLaughlin's modern dance class in the magazine and featured Misses Collins and Freeman in several pictures.

She stated that a group of University of Houston football players studied modern dance this year with a two-fold purpose — keeping in shape for next fall's rough football season, and better equipping themselves as athletic instructors or coaches.

The pretty young coeds from Cameron have remarked that they certainly enjoyed the class. Both will be sophomores at the university next fall.

Mr. and Mrs. W. L. Kilpatrick, who have been living in DeQueen, Arkansas for the past number of years have returned to Cameron this week. Mr. Kilpatrick was born here.

## Uranium Discovery Reported In East Lee County Area

A new uranium potential has been discovered in the east tip of Lee County, with chemical as-

says to determine the accurate ore contract due in a few weeks, the San Antonio Express-News reported.

The new find, where radioactivity indicates commercial ore, is on a lease in the Flag Pond area where the Wilson Oil and Exploration Company of San Antonio has the uranium prospecting rights. It is on the L. V. Colvin land 18 miles east of Giddings and about seven miles northwest of Burton.

The property was examined by Pete Beroni and Mike Simons, Atomic Energy Commission representatives temporarily stationed in Karnes County.

"On radioactivity, it look like it would be commercial," Beroni said in San Antonio after his return from Lee County. He said the possible find was on the Jackson trend, probably in the mid-Jackson group. The Karnes County production is from the Whitsett formation in the upper Jackson.

In order to cut down on shipping time, Beroni and Simons were to take samples for chemical assay from the Wilson lease with them when they returned to the AEC's Denver office later this week.

M. P. (Monk) Wilson, head of the Wilson Oil and Exploration Company, prepared the 50 pounds of sample required to the AEC amenability tests.

The AEC men made a radiometric or grid survey of a 200 x 400-foot area on the Colvin farm, Wilson said. In this survey, the area to be surveyed is marked off by a compass and tape in a grid pattern with squares of a certain size. Readings are made either with a probe or a rate-meter.

Wilson said the average reading was about 3.3 milliroentgens per hour.

## M. S. Croft New Rockdale C. of C. Manager

M. S. Croft, formerly with the Grimes County Chamber of Commerce has been named manager of the Rockdale Chamber of Commerce. He plans to move to Rockdale June 15 from Navasota where he has been making his home since September, 1952.

Croft, who is married and has three children, graduated from Jacksonville Baptist College Academy and had two years in the Junior College there. He taught school for nine years in Cherokee county and then spent three years as an instructor in engineering department at Texas University as a lecturer. In August 1944 he went to the meteorology department of Spartan School of Aeronautics in Tulsa, Okla., and was head of the department there from 1944 to 1948.

From the fall of 1948 to 1951 Croft was director of training for Phillips Vocational Schools in Jacksonville and then went to New Mexico where he taught meteorology in the University of New

Mexico. He returned to Texas September, 1952 to take over the Grimes County Chamber of Commerce manager's post.

Croft is a member of the Baptist church and Kiwanis club.

## Sad Note From The Bugle

All of us on the Clarion were alarmed to learn that our principal rival in the newspaper field—the Balesville Bugle—might have to shut down.

Crops were bad in Balesville last year and one of their factories moved out of town. Just temporary hard times, of course—but the Bugle needs help now if it's to survive.

So, this paper is going to scrape up a little money to help tide them over, and we hope other local concerns will do the same. We've seldom agreed with them editorially over the years—but

we want their competition to keep us on our toes.

From where I sit, this country needs papers with different points of view—just as it needs people with different ideas and tastes. You may prefer iced tea as a hot-weather cooler... I generally choose a cold glass of beer. But if either of us couldn't express his opinion, and act on it, that would be "bad news" for the whole community.

## Texas Viewpoint In Washington

by Price Daniel  
U. S. Senator

We have received copies of a new farmers' bulletin entitled "Cotton Diseases and Methods of Control" which is available for distribution. Crop losses caused by cotton diseases constitute about 15 per cent of the total crop. To combat these diseases the cotton owner must know the cause, symptoms and most effective control measures. This bulletin gives such information on the more important cotton diseases. If you think this bulletin will be helpful I will be glad to send copies so long as they last.

### Narcotics Hearings

Our Committee for investigation of the narcotics traffic begins public hearings this week. Our first witness, Mr. H. J. Anslinger, Commissioner of Narcotics, has been asked to give the Committee heretofore unpublished data on the concentration of the narcotics problem by cities and states. He has already told us that the principal source of illicit narcotics is Red China where manufacture and sale is being encouraged by Government officials, both for monetary gain and for demoralization of people to whom the narcotics are sold in the free nations.

### Federal Grants-in-Aid

Recent figures indicate the total amount of funds which are distributed by the Federal Government as grants-in-aid to individuals and State and local governments. The figures show that Texas ranks third in the nation in the amount of money received from Washington. The totals are deceiving. While in 1954 Texas received \$257,221,800 in grants, at the same time Texans paid into the Federal Treasury \$2,193,725,000. This illustrates most clearly that we pay well for every penny we receive from the United States Government.

While there are many programs such as the interstate highways which by their very nature are national in scope and should be supervised by the Federal Government, there are many more which could be better handled by

the States without Federal intervention and the consequent loss of funds in the process of travel from the State to Washington and back again.

## Smallpox Shots Given Free To Those Unable To Pay

Any pre-school child in Milam County becoming six before September 1 and preparing to enter school this year must have Smallpox immunization prior to entrance.

Dr. John Bryson, head of the County Health Unit, stated that any child in the county unable to pay for their shots could come by the Health Unit any Wednesday and receive their shots free.

Other shots given, to those unable to pay, at the Health Unit are Diphtheria and Typhoid.

## Many Places Won At Valley Mills Show By Saddle Club

Fifteen members of the Cameron Saddle Club attended the parade and Horse Show in Valley Mills on Friday, May 27.

After participating in the Grand Entry, members entered in the various classes in the Horse Show.

Mr. and Mrs. R. L. Batte, Jr., again won first place in the western couples class.

John Kohl III riding "Timmy", owned by Mary Belle Batte, won third place in the class for children under twelve years old and horses under 14 hands high.

In the Pony Harness class, Dolly, owned by Barbara Jo Hickman and driven by Mrs. Joe S. Hickman, won third place.

Those attending from Cameron were Eldon Batte, Mary Belle Batte, Lelia Hickman, Barbara Jo Hickman, R. L. Batte, Jr., Billie Batte, Vaughan Jenness, Florence Jenness, Carroll Green, Kay Green, Pam Green, Carroll Green, Jr., Buddy Shipp, Hallie White and John Kohl III.

## Local Piano Teachers Join Teachers Guild

New opportunities for piano pupils of Cameron have now been made available through the recent organization of a Cameron Chapter of the National Guild of Piano Teachers, according to Mrs. Francis Cox, who has been appointed guild chairman here. This latest chapter of the guild, along with 403 other chapters from coast to coast, will annually sponsor a local section of the guild sponsored national piano playing auditions in which nearly 40,000 piano students participate each year.

Local members are Mrs. E. C. Cole, Mrs. W. C. Bradbury and Mrs. Cox.

Started 25 years ago (in 1929) as the All-Southwestern Piano playing tournament at Hardin-Simmons University, Abilene, Texas the movement has spread country-wide to fill the need for goals for piano pupils to strive to achieve. Since becoming national in scope, 57 varieties of goals have now been established that are within the reach of slow pupils while there are several that challenge the capabilities of the most talented, the purpose being to give piano pupils of all ages and stages of advancement who work the encouragement of winning honors

each year in accord with their attainments. Students strive against a standard rather than against each other. As at a Christmas tree, everybody gets a present (Reward) as a result of participation.

The foremost piano teachers of the Nation, including Madame Rosina Lhevinne of the Juilliard School of Music in New York, Dr. Silvio Scionti of North Texas State Denton, Texas, Rudolph Ganz of Chicago, Dalies Frantz, University of Texas, Walter Charnbury, Rollins College, Florida, Edwin Hughes, New York, Guy Maier, Santa Monica, and thousands of others not only endorse the guild but enter their own students annually to share in guild awards.

## In The House of Representatives

by Herman Yezak

May 23-27. Over fifty House and Senate bills were signed by the Governor during the week. Most of the bills deal with local or uncontested subjects.

Passed was a bill increasing the membership of the Livestock Sanitary Commission from three to six members. Various livestock industries will be represented on the new board.

A bill to allow the Game and Fish Commission to regulate wild life in certain counties was approved and sent to the Governor. Several of the more important bills signed by the Governor in-

law this week were as follows:

1. Authorizing A. & M. College to levy an annual \$2 student fee if approved by the student body.
2. Providing for certain exemptions for jury service for women.
3. Allow all persons over age of 65 and under the age of 70 to hunt and fish without obtaining a license.
4. Requiring persons that slaughter record of livestock slaughtered or delivered for slaughtering.

An effort was made and failed to take up the resolution setting a definite date for adjournment of the Legislature.

The House passed twenty - one

bills on the local and uncontested calendar on Thursday afternoon before voting to adjourn over the weekend.

The Senate approved a tax bill that is different from the version of the tax bill that was passed by the House three weeks ago. The bill is known as the one-one-one measure. It provides an additional tax of one cent per package on cigarettes, one cent per gallon of gasoline and one cent per bottle of beer. The bill also provides a token tax on natural gas. The purpose of this small tax on natural gas is to test its constitutionality.

The Governor vetoed a bill that was making four changes in speed laws. As introduced, the bill pro-

posed to raise speed limits of pickup trucks from 45 to 60 miles an hour. Three amendments were added to the bill. The Chapman amendment would have allowed a speed of 70 miles an hour for all passenger vehicles on four-lane divided highways. Two amendments were added in the Senate. One raised speed limits on all passenger vehicles from 60 to 65 miles per hour and the other amendment would have increased the speed limits of post office vehicles from 45 to 55 miles an hour. In his veto message, the Governor objected to the 65 and 70 miles an hour provisions. Since the veto, a conference committee has been appointed on another

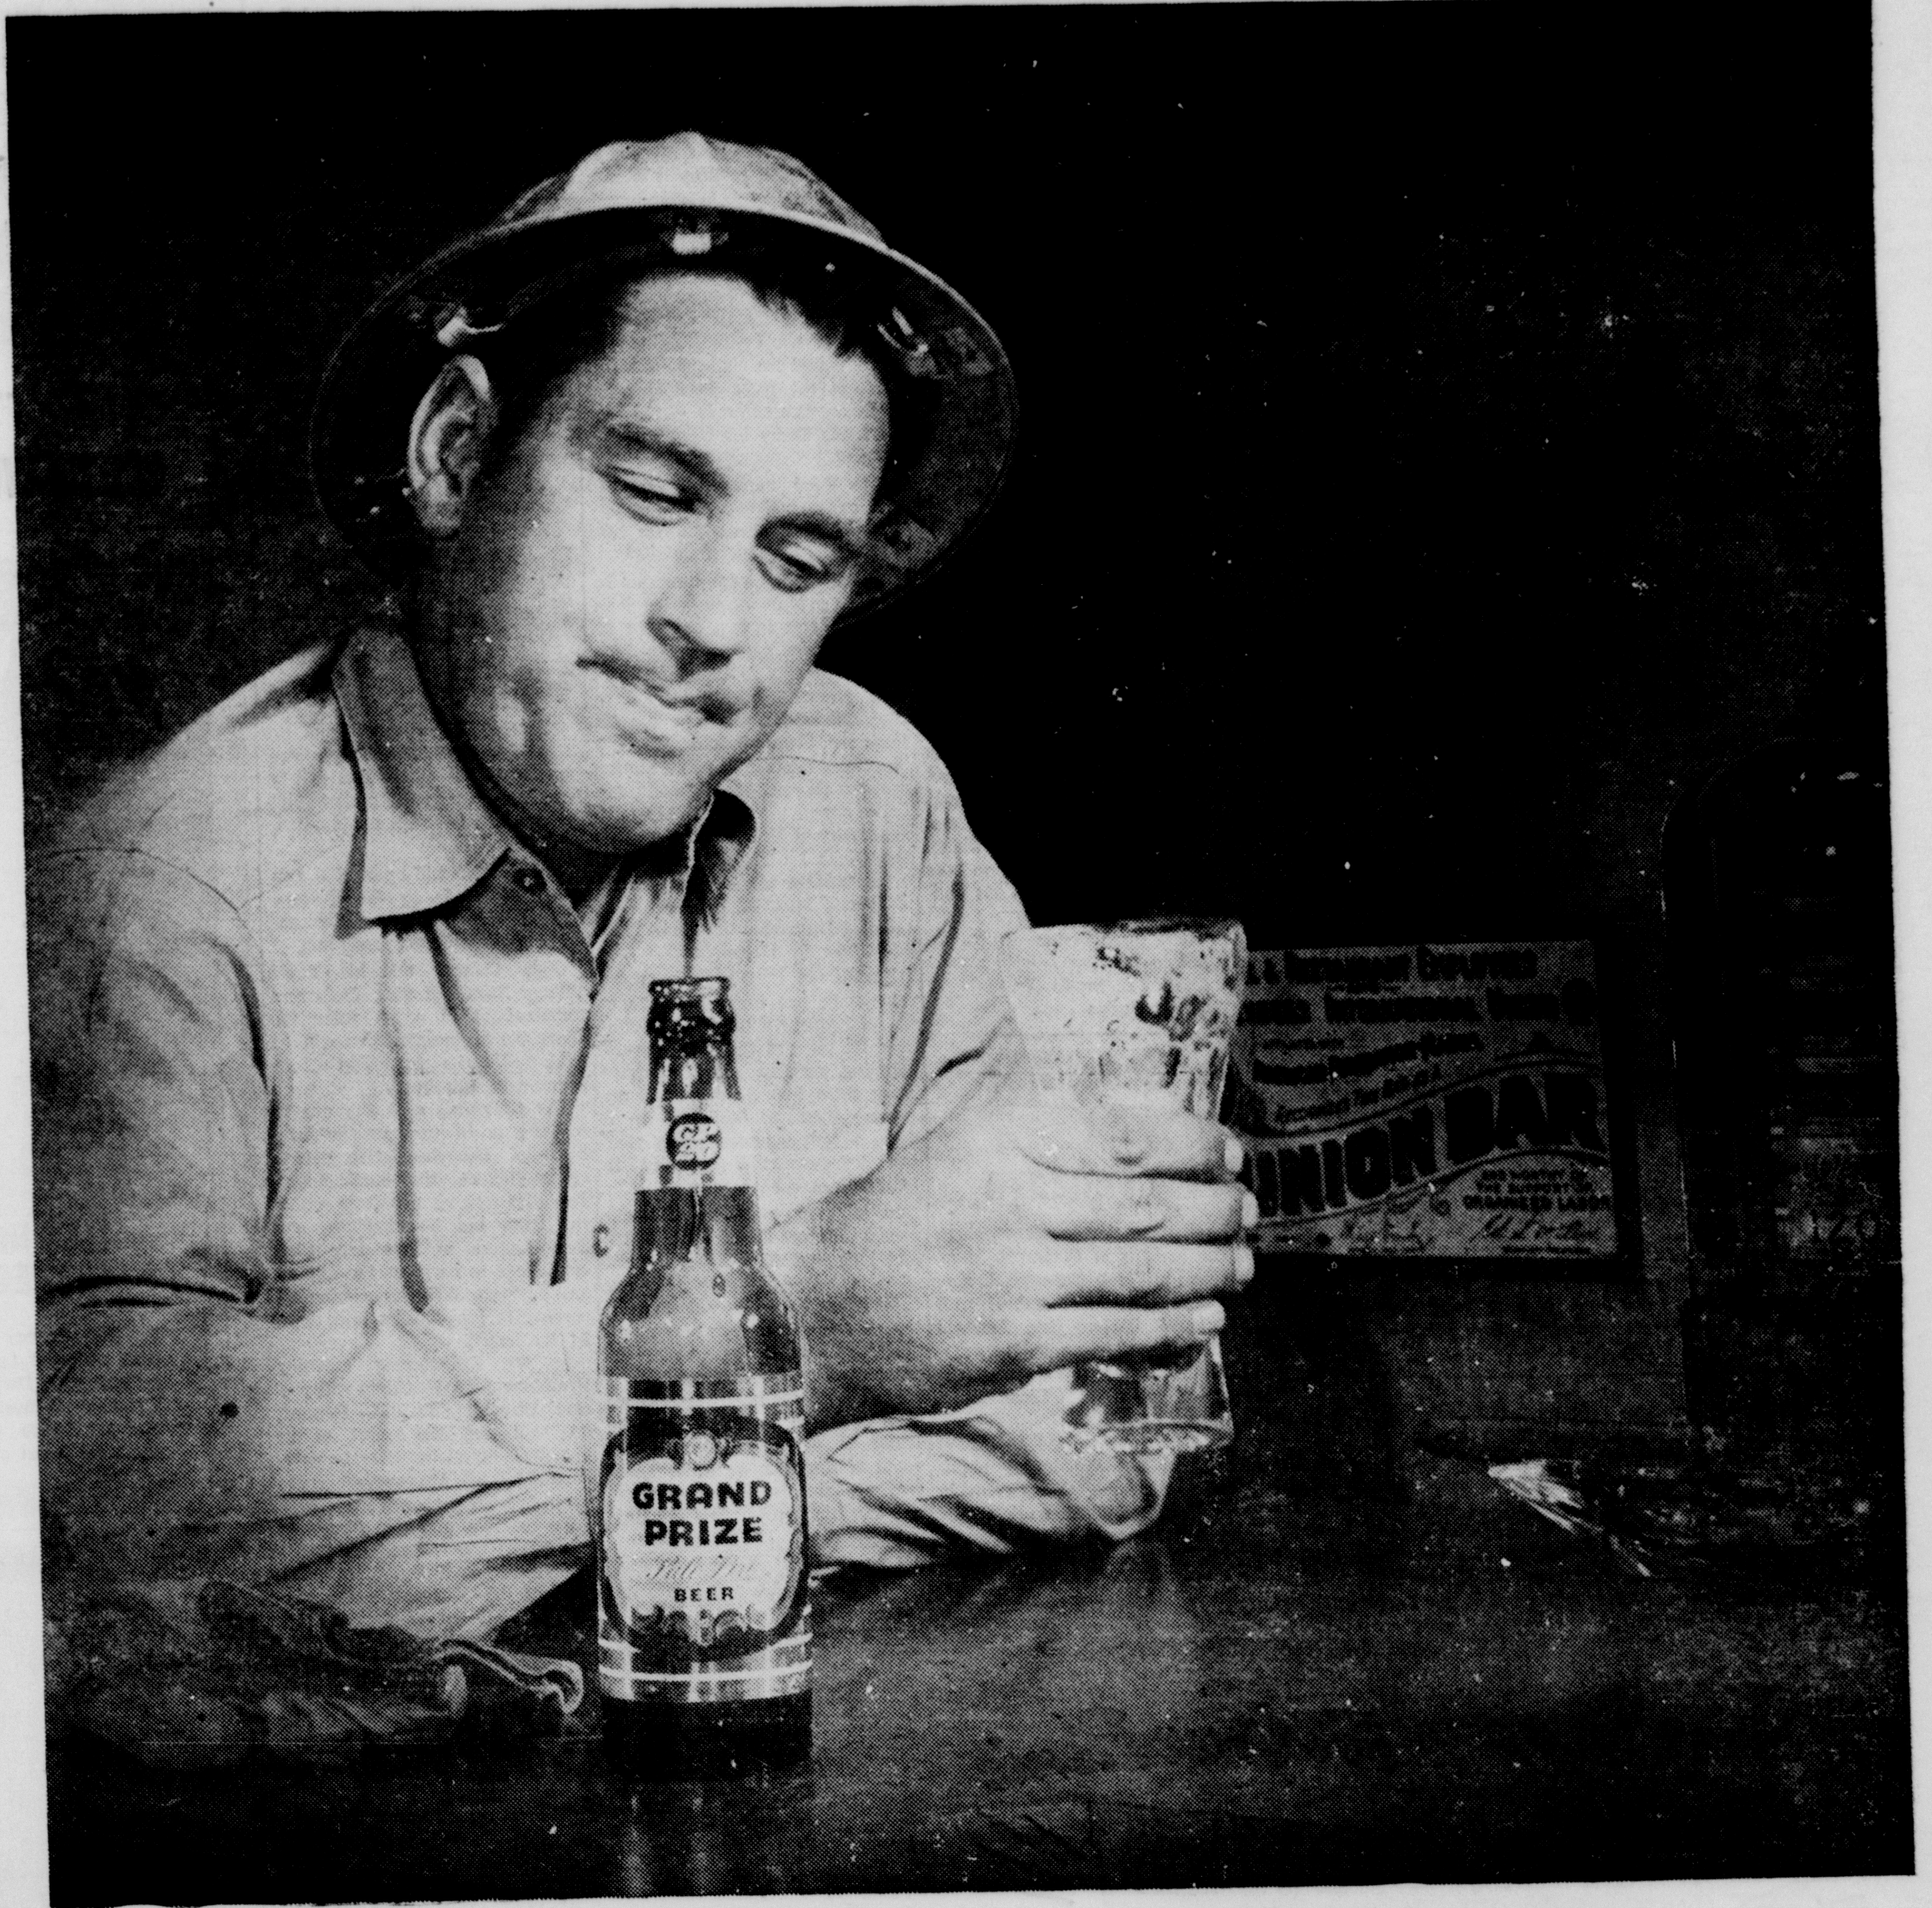

bill which proposes to raise the speed limits on pickup trucks and post office vehicles that were in the vetoed bill.

**BATH ROOM** — Here are the bath facilities which must be used by 12 men. Not shown are a new shower stall and a 20 gallon hot water heater. These were installed about a year ago. Until that time there were no bath facilities or hot water at all. With these facilities, 12 men must try to shave and bathe at the same time.

Shown above is a good sample of the condition the county jail is in. Note that around the commode, the steel is almost completely rusted out. A man could practically kick his way out of the tank. Once outside the tank, it's a simple matter to dig through the brick walls with nothing more than a spoon. In fact, it's been done three times. This is only one of the many defects of the present jail. The old brick structure has literally been bolted together, with steel plates on the outside, to keep it from collapsing.

### Linda Jane Miller To Represent Local Lions Club At Summer Camp

Linda Jane Miller, the 11 year old daughter of Mr. and Mrs. B. L. Miller will be the local representative of the Cameron Lions Club at the most unusual camp in Texas this summer — the Texas Lions Camp for Crippled Children.

The third summer session of this camp will start Sunday and offer a full program for 600 youngsters through August 27.

Linda, highly complimented by the Camp directors after her camping trip last year, will attend for two weeks during July. After returning to Cameron last year from the camp, local Lion Club officials received a request from the camp directors for her to attend again this year, stating she was an "outstanding camper."

The camp, made possible by the generosity of Lions Club members throughout the State, was able to accommodate 236 children—when it opened in 1953. In 1954, a total of 481 attended the camp. This year 600 may attend.

During the first summer, there were only two bunkhouses, capable of housing a total of 40 children for each of the six two-week camping sessions. Last summer there were four bunkhouses, accommodating 80 children at a time. A fifth bunkhouse this year will increase this capacity to 100 children each session.

In addition to the new bunkhouse, a recreation building, 142 feet long and 46 feet wide, built of native stone and with a seating capacity of 600 in its indoor auditorium facility, is being completed. The building has been expanded since last summer.

Lions of Texas have made more than \$600,000 available to the camp. It is located three miles south of Kerrville on State Highway 27, and is entirely free to any eligible camper in the state.

Johnny Tepera, Johnny Krenke, Eddie Joe Pavelek and James Anderle.

Application is through the Lions Club of the child's community. An adult always accompanies the child to and from camp and in many cases a Lion from the club furnishes the transportation.

Those eligible are handicapped children, both boys and girls from 7 through 16 who are crippled, blind, deaf or mute.

### Bryan PCA 21st Annual Meeting June 11

The 21st Annual meeting of the stockholders of the Bryan Production Credit Association will be held at the Stephen F. Austin high school in Bryan on Saturday, June 11.

Registration will open at 9 a.m. with Mrs. L. D. Provazek, secretary at the Cameron office and Miss Virginia Sutton, assisting.

Clyde Chesser and his Texas Village Boys will give the entertainment at 10 a. m. After the show, the business session will be held, and at its conclusion a barbecue will be served.

The purpose of the annual meeting is to transact the business of the association which comes before the stockholders. The directors receive their authority from the stockholders, and the directors in turn hire the employees to carry on the day-to-day business of the association according to the policies laid down by the board.

At the forthcoming meeting, President John W. Gilpin will preside, Director Wm. M. Forrest, Jr., will give the report of the board of directors. Secretary-treasurer McNeill Drumwright will present reports showing the financial condition and operating statement of the association, and Member R. A. Wakefield as chairman of the Nominating Committee will present nominations for

directors. Many door prizes will be given to the wives of the members if they are in attendance with their husbands. All Milam county farmers who are stockholders in the organization are urged to attend the meeting by Robert Clark, manager of the Cameron office.

Mr. and Mrs. Dee Walker of Fort Stockton were recent guests in the home of Mrs. Walker's mother, Mrs. Ben Boedeker.

### Weekly Health Unit Report For Milam

The regular weekly report of the Milam County Health Unit by Dr. John B. Bryson, director showed that strept throat led all contagious diseases listed with 10 cases reported.

There were six cases of mumps

four of chickenpox, three of gonorrhea, and one each of pertussis, syphilis and influenza on the weekly report.

### Over 500 Attend K. C. Family Barbeque Sunday

The Knights of Columbus family barbeque held at the KC Hall Sunday, June 5, was a huge success with 525 persons served at the noon meal.

Chairmen in charge of the various food and entertainment committees for the day were S. Wohleb, Joe Humplik, Henry Schattle Jr., Frank Heitman, Charles Kunz and Eddie Pavelek.

E. O. Schiller, Jr., KC Grand Knight, announced the annual public barbeque will be held at the K. C. Hall grounds on Sunday, August 28.

### Rockdale Homecoming Slated

The Rockdale Home Coming association will hold its 22nd annual reunion Sunday, June 12 at Fair Park.

The president and committees of the association state that all former Rockdallians who reside in Cameron are extended a most cordial invitation through the press, as in keeping with customs cards will not be mailed in neighboring towns.

### Austin Presbytery At Sharp For Barbeque June 28

The Austin Presbytery will meet at the Sharp Presbyterian church on Tuesday, June 28.

**A CONSTANT JOB** — Sheriff C. C. Black keeps inmates constantly at work to keep the old jail in usable condition. Shown are two men painting the iron stairs which lead up to the cells. There are practically no facilities for complete segregation of women and juvenile prisoners.

**FROM PAGE 1** — work in a pig sty. The trouble is that most of our citizens are unaware of the conditions prevailing in the courthouse and jail. They are also unaware that the county pays rent on the Health Unit, Department of Public Welfare Office, and agricultural offices for the reason that we have

no space for these functions at the courthouse, where they should be.

Aside from these deplorable conditions, both the courthouse and jail are in a dangerous condition from an engineering standpoint. In the case of the courthouse, all of the steps have separated from the building and the

Twelve Boy Scouts, all members of the Knights of Columbus troop, checked in Camp Tahuaya Sunday for a week-long adventure with their adult leaders Rev. Leonard Buxkemper and Lee Polansky.

While at Camp Tahuaya, the troop occupied the Lions Den campsite.

Parents were invited to attend the camp last Wednesday night. Scouts attending Camp Tahuaya with the Troop last week were: James Hollas, Charles Matula, Alton Moraw, Edward Moraw, Joe Lee Humplik, Albert Hoelscher, Pat Dillon, Raymond Tepera.
